

FENIX — the art of gastronomy and the silence of the moment

"Fenix" is more than a restaurant.

It is a space where taste, light and mood come together in a sophisticated experience, created for those who appreciate details. Own food and drinks

We create every dish and drink served in the restaurant with respect and love

Given the concept of the establishment, we ask you to refrain from bringing your own items.

Photo and videography

We understand the desire to preserve special moments and the atmosphere of the evening.

- Filming is only possible with prior approval from the restaurant administration
- To preserve the delicate light environment, please refrain from using flashes and professional equipment
- Please choose locations for filming that do not disturb the movement and privacy of other guests
- Out of respect for personal space, other guests should not be in the frame without their consent

Please note:

- Photography and videography in the restrooms is strictly prohibited.

This space is part of the restaurant's private area, where the priority is exclusively the comfort, ethics and personal safety of guests

Comfort and space

We carefully maintain an atmosphere of lightness and aesthetic harmony.

- Please do not place personal belongings in the aisles and common areas
- Our team will be happy to offer elegant bag holders to ensure your stay remains impeccably comfortable
- We recommend that you keep large bags and packages with you or use the solutions provided for this

Children and pets

We appreciate the warmth of family gatherings and the presence of your pets.

- Children - under the attentive and delicate supervision of adults

- Pets - provided that their behavior is harmonious and does not affect the atmosphere of the hall
- We are grateful for your participation in maintaining the comfort of each guest

Thank you for your understanding and subtle sense of the space of the Fenix restaurant.

It is your respect for detail that allows us to maintain this atmosphere impeccable. ✨
